## Global GreenTag<sup>Cert™</sup> Ecolabel Program

RIDOV ATF Pty Ltd Products Currently Under Assessment

### To whom it may concern:

This letter is to officially inform you that **Ridov ATF Pty Ltd** has submitted the following product for Global GreenTag<sup>Cert™</sup> LCARate Certification:

### RIDOV Anti-Microbial Compound

Ridov Anti Microbial Compound is a natural multi-cleaning product designed to stop the spread of bacterial pathogens, suitable for use in health care and commercial environments. It is a patented anti-microbial cleaning product based on aloe vera infused with silver colloid, known as active silver ion. Ridov has been independently tested to be effective against Golden Staph, Vancomycin-Resistant Enterococci (VRE), Methicillin-resistant Staphylococcus aureus (MRSA), killing 99.99% of pathogens and offering a protection cycle of 72 hours. This information is also available on the Ridov basic listing on [www.ecospecifier.com.au](http://www.ecospecifier.com.au).

Ridov has passed the Global GreenTag<sup>Cert™</sup> Cautionary Assessment Process – Cleaning Products Standard (GCAP-CP). Global GreenTag<sup>Cert™</sup> Certification involves detailed assessment of a product's life cycle impacts on human health and the environment. Assessments may take from four weeks up to a year, depending on the complexity of the products, and the availability of full and compliant information from manufacturers and their supply chain, which may be a lengthy process.

A product may pass and proceed to Certification, or fail to pass the requirements and be ineligible for Certification. A product that successfully passes all assessment requirements will achieve a Certificate identifying the manufacturing facilities Certified, the level of Certification, and the expiry date of the Certification. A product shall not be considered as having met the requirements of the Global GreenTag<sup>Cert™</sup> Product Standard without providing a current Certificate and appearing on the database of Certified products on [www.ecospecifier.com.au](http://www.ecospecifier.com.au) and [www.globalgreentag.com](http://www.globalgreentag.com).

Global GreenTag<sup>Cert™</sup> is a third party Green Building Council of Australia (GBCA) product rating and Certification system, underpinned by rigorous scientific and Life Cycle Assessment processes. Global GreenTag<sup>Cert™</sup> GreenRate Certification is recognised by the GBCA as a Green Star® Third Party Product Certification Scheme.

## sustainability criteria satisfied

### Workplace OHS, Occupant Health, Human Wellbeing

- ✓ Reduced or no toxicity through life cycle
- ✓ Improved indoor environment

### Habitat & Biodiversity Conservation

- ✓ Reduced terrestrial impacts
- ✓ Reduced aquatic impacts
- ✓ Reduced hazardous waste generation

### Air Pollution

- ✓ Reduced or no toxicity through life cycle
- ✓ Reduced ODS

### Resource Depletion

- ✓ Uses renewable materials
- ✓ Uses rapidly renewable material

### Other Vital Signs

- ✓ Environmental Product Declaration
- ✓ Expert Assessment
